

Sah Isha Dharmendra

Full Stack Developer (MERN)

+91-8273259447 | isha.shah2312@gmail.com | GitHub | LinkedIn

Portfolio | LeetCode | GFG

Summary

Full Stack MERN Developer and third-year B.Tech CSE (AI & ML) student with experience building scalable web applications using MongoDB, Express.js, React.js, and Node.js. Skilled in REST API development, authentication systems, and responsive UI design. Strong problem-solving skills with consistent practice of Data Structures and Algorithms in Java.

Technical Skills

Languages: Java, JavaScript
Frontend: React.js, HTML, CSS, Tailwind CSS, Vite, Redux (Basic)
Backend: Node.js, Express.js
Database: MongoDB, MongoDB Atlas, Appwrite
Concepts: Data Structures & Algorithms, REST APIs, JWT Authentication
Tools: Git, GitHub, Postman, Render, VS Code

Projects

StreamFlow – YouTube Clone (MERN Stack)

- Built a full-stack video streaming platform enabling users to upload, watch, like, and comment on videos.
- Developed REST APIs for managing videos, comments, and user authentication.
- Implemented responsive UI with React and scalable backend with Node.js and MongoDB.

AI Resume Builder (MERN Stack)

- Developed an AI-powered resume builder with resume editing, preview, and PDF download functionality.
- Integrated backend APIs for resume generation and responsive UI using React.

MegaBlog – Blogging Platform

- Built a responsive blogging platform for creating and managing blog posts.
- Integrated Appwrite for authentication, database, and storage services with TinyMCE editor.

Education

B.Tech in Computer Science Engineering (AI & ML)	Expected: 2027
IMS Engineering College, Ghaziabad	CGPA: 8.2
Dr. A.P.J. Abdul Kalam Technical University	
Class XII (Senior Secondary)	86%
Class X (Secondary)	85%

Achievements

- Solved **178+ problems on LeetCode** and **46+ problems on GeeksforGeeks**.
- Cleared **Round 1 of Smart India Hackathon (SIH)**.
- Completed **Application Developer – Web and Mobile** certification under Skill India.
- Built and maintained **9+ GitHub repositories** including full-stack MERN applications.
